Biocides

The product list is not complete. The statements made do not dispense the reader from verifying them.

Product name	Function	Application	Permits	Remarks
MIRECIDE KW/1000	fungicide	food + feed; in-can/film preservation; wood; fibre/leather/rubber/polymers; masonry; liquid-cooling/processing systems; slimicides; metalworking fluids	Blauer Engel (RAL-UZ 12a)*	halogene + formaldehyde free; in glycol
MIRECIDE KW/1001	fungicide	food + feed; in-can/film preservation; wood; fibre/leather/rubber/polymers; masonry; liquid-cooling/processing systems; slimicides; metalworking fluids	Blauer Engel (RAL-UZ 12a)*	halogene + formaldehyde free; in glycol; highly concentrated
MIRECIDE KW/23	bactericide (fungicide)	private area/public health area; veterinary hygiene; food + feed; in-can/film preservation; fibre/leather/rubber/polymers; masonry; liquid-cooling/processing systems; slimicides; metalworking fluids	BfR: XIV, XXXVI, XXXVI/1; FDA: 175.105, 176.170, 176.300; INCI: METHYLCHLOROISOTHIAZOLINONE (and) METHYLISOTHIAZOLINONE (and) 2-BROMO-2-NITROPROPANE-1,3-DIOL; Blauer Engel (RAL-UZ 12a, 102)*	in water
MIRECIDE KW/3000 new	fungicide	In-can/film preservation; wood; fibre/leather/rubber/polymers; masonry; liquid-cooling/processing systems; slimicides; anti-fouling		formaldehyde free; anti-fouling
